WEDDINGS

BISACRE - HOLDEN

A very pretty wedding was solemnized in Christ Church Cathedral, Friday April 30 at 8.30 p.m. when the marriage of Sgt. Frank Bisacre, only son of Mrs. Bisacre of Strathmore, and late Mr. Bisacre, and Miss Jane Holden, eldest daughter of Mr. and Mrs. John Holden of Vancouver, took place, the Rev. Dean Swanson officiating.

The bride entered the Cathedral on the arm of her father, who gave her in marriage. She looked very attractive wearing a smart gown of navy blue silk crepe, with matching hat and a corsage of rose buds and lily of the valley.

The bride's sister was bridesmaid, choosing for the occasion a pretty pale blue frock of silk crepe and a corsage of deep pink carnations.

Sgt. Holloway of Calgary was best man.

The wedding music was played by the Church organist.

Following the ceremony the wedding party and guests numbering about twenty-five motored to Helen's Tea Room where a delicious buffet luncheon was served. The toast to the bride was proposed by Sgt. Holloway the groom responding.

Sgt. Bisacre and bride arrived in Strathmore Sunday afternoon to spend their honeymoon at the home of the groom's Mother.

Before enlisting Frank was employed for several years in Hughes Motors. He has many friends in Strathmore who will wish for him and his bride many years of happiness and prosperity. He is at present stationed at Nanaimo, B. C. with the 85th Regt. R. C. A.

SCOLLEN - BELL

A wedding of interest to many Strathmore and Baintree friends, took place in Vancouver, April 21st, when Edna Margaret, only daughter of Mr. and Mrs. William Bell, was united in marriage to Mr. Bert Scollen.

The marriage took place at 7 p.m. at the Mt. Pleasant Baptist Church, with Rev. Arnold Bennett officiating. Given in marriage by Mr. E. L. Thomas, uncle of the groom, the bride chose a floor-length dress of triple sheer pink chiffon, with a shoulder length veil held in place by a coronet of rosebuds and wore a corsage of pink carnations.

Her bridesmaid, Dolly Siro, chose a floor-length gown of pale blue with a corsage of rose-pink carnations. L. A. C. Nielson was best man and the ushers were Mr. N. Nielson and Mr. T. Dixon.

The reception was held at the home of the groom's Mother, Mrs. C. L. Nielson, who looked charming in a navy ensemble with navy and white accessories.

A buffet lunch was served to about twenty-five guests from a table decorated with daffodils and pink and white streamers and centered by a three-tier wedding cake.

For going away the bride changed to a dark green tailored suit with

Victory Loan Concert

MAJOR GAINOR and SGT. GREGORY GIVE ADDRESSES

Major Gainor, District Recruiting Officer of M. D. 13, and Sgt. Gregory hero and victim of Dieppe held the interest of the audience which numbered about 150, gathered in the Memorial Hall Wednesday evening.

Mr. S. H. Crowther in his chairman's remarks stated that this concert was arranged and held under the auspices of the local Lion's club and the Strathmore Branch of Canadian Legion.

Major Gainor complimented the Town and Legion on the very fine Memorial Hall, saying he had been in several throughout the Province, and this was the finest he had seen.

He told the need of the 4th. Victory

Loan and urged people to get behind it to the Lilt for the sake of the men who are depending on our support.

His words for Strathmore's canvas complimentary remarks re the Hall, but he hoped the words of the Chairman, that Strathmore always had and will again, go "over the top", would be realized.

Major Gainor in introducing Sgt. Gregory explained that for his work as sniper at Dieppe he had been awarded the M. M.

After their work at Dieppe was done three boats in which with others were hoping to return to England were bombed, a fourth making a clear get away.

Sgt. Gregory briefly explained some of his experiences at Dieppe, one very significant statement referring to some of his fellow soldiers who had fallen into the hands of the Germans was that "he hoped they had been shot as he saw their bodies afterwards."

Sgt. Gregory lost one eye at Dieppe. He has three sons serving in the war now.

A very entertaining musical program was contributed as follows—Community Singing led by Mr. G. H. Patriot with Mrs. Walter Mercer accompanying.

Duet, "Where is the Captains Hat?" Mrs. W. Mercer and Mr. Patriot with Miss Phillips Horn accompanying.

Solo, "Spring is Here" with "My Buddy" as encore, by Mrs. Mercer.

Solo, "Sun's Short" and encore "The Lady from Siam" by Mr. Patriot, with Miss Horn as accompanist for both solos.

Pictures thrown on the screen were. A comic, with an improvised de Fuehrer as chief personality.

The second screen showing one day in a Russian Military offensive was a very strong picturing of the immense strength, purposeful action, powerful equipment, and determination of the Russians to preserve their land from conquest by the Nazis.

The program was a very varied one amusing entertaining and deeply impressive.

CAPT. JESSUP KILLED at COAST

MACLEOD, May 3 — Captain Ralph Campbell Jessup of the 24th Field Regiment Royal Canadian Artillery was killed in a vehicle accident at Nanaimo Sunday morning, according to a telegram received here by his wife from commanding officer of his unit.

Lieut. Richard Alston Scott, 22, Melville, Sask., was killed instantly when the army vehicle in which Capt. Jessup and he were riding crashed off a bridge near Ladysmith, just south of Nanaimo.

Capt. Jessup died a few hours afterwards. Full military funeral honors were planned for the officers.

Captain Jessup joined the active army early in 1940, relinquishing command of the 93rd. Battery, R. C. A., Macleod, and went overseas in 1941. In 1942 he returned to Canada, and with the exception of a short leave at his home has been stationed at the west coast since.

Newspaperman—

On joining the active, he leased the Macleod Gazette, which he had purchased in 1941, to H. T. Halliwell proprietor of The Coleman Journal. He is a past president of the Alberta division of Canadian Weekly Newspapers' Association, past president of the Macleod branch of the Canadian Legion, having served overseas in World War I, and was town councillor up to his leaving for service. He was a member of the Masonic order.

Surviving besides his wife are two sons, one seven years' old and the other 20 months; his mother, in Edmonton; two sisters, Lulu Jessup, and Mrs. Crawford Sproule, also of Edmonton; and a brother, Clyde, proprietor of The Nanton News.

Funeral arrangements will not be and will be under the auspices of the Masonic lodge and the Canadian Legion.

PROMOTION FOR OUR LOCAL R. C. M. P.

We extend congratulations to our local representative of that native Canadian and heroic group of men formerly known as the R. N. W. M. P. now the R. C. M. P., Mr. C. Rawsthorne, who has recently been given the rank of Corporal.

With the preservation of order in the development of Western Canada this group has played so important a part, that their name has become legendary in Canada West.

Cpl. Rawsthorne entered the service in 1921. He has been stationed at Lethbridge, Blairmore, Cardston, Waterton Park, Taber, Bow Island, Calgary Drumheller Jenner and Strathmore, coming here in November of 1940.

He has just recently returned from a month's Refresher Course at Regina. During his service Cpl. Rawsthorne has had many interesting and exciting experiences, one of which was the 1935 Riot at Regina in the On to Ottawa March.

We wish him continued success in the Service.

UNITED CHURCH PLANS NEEDED IMPROVEMENTS

At a congregational meeting held at the close of the service Sunday evening, the recommendation of the Official Board was accepted on motion to the effect — "That the exterior of the Church be stuccoed, with rebuilding of the main entrance, and the interior finished with Domacoma board as finances would permit; that for this purpose an Improvement Fund be established, separate from the General Fund of the Church." In addition to money contributed from the departments of the Church, donations will be gladly received from the more than 80 families of the Church constituency.

An encouraging amount has already been donated, some families having contributed considerably in excess of the average required. Miss Gladys Hughes will act as Treasurer of this fund. If all interested will kindly leave their donations with Miss Hughes, the expense of a canvas will be unnecessary.

THE 'OUT-SIDE'

McMurray Asphalt for Alberta Roads

The Alberta government is rushing plans to obtain road oil supplies from McMurray, according to information given to the Alberta Motor Association in order to keep Alberta's highways in shape, 1,500,000 gallons of asphalt base oil will be needed this year.

Tests of the McMurray oil have been made at the University of Alberta and these have shown that the northern product is satisfactory for surfacing highways. It has a high asphalt content and as surfacing material has to be mixed with sand or gravel, heated and then laid out. The material has been used on Edmonton streets and given good results.

Just what volume of McMurray oil will be available to the province will depend on what is required for federal government purposes, but it is believed that Alberta has good prospects for securing some of the supply.

William Garfield Weston, Canadian-born member of the British House of Commons and manufacturer of Weston's biscuits, announces he has purchased Viscount Bennett's controlling interest in the E. B. Eddy Paper Co. of Hull, Quebec.

The Northern Alberta Dairy Pool has paid \$200,000.00 of a capital loan in full it was announced at the annual meeting of that organization. The loan was contracted in 1925 and was to have been paid up in 20 years but it has been completely wiped off 8 years ahead of due date.

Starting Monday, May 3, Alberta liquor stores will be open but five hours per day, 2 to 7 p.m.

Bonus for Clean Wool—

The Federal government has agreed to pay a bonus of 4 cents a pound on clean wool delivered to a registered wool warehouse on the 1942 clip provided the various provincial governments will co-operate with the Dominion and pay 2 cents of it. It is estimated that approximately 2½ million pounds of Alberta wool may be eligible for the bonus when graded and, consequently, if the province agrees to pay half the bonus, Alberta wool producers will benefit by an additional \$100,000 in 1943.

One question has been cleared up in the House of Commons at Ottawa in connection with income tax. The farm wife need not make an accounting of the so-called "butter and egg money," unless the total exceeds the \$600 minimum a wife is allowed to earn without paying income tax.

IV VICTORY LOAN EXCEEDS LAST LOAN AT SAME PERIOD

THE OTTAWA SPOTLIGHT

(Weekly Review of National Affairs)
By M. McDOUGALL

—THE VICTORY LOAN—

OTTAWA — The atmosphere of Ottawa these days reflects a growing optimism in the success of the Fourth Victory Loan, but there is also the consciousness in all quarters that there is still a heavy grind ahead and that before the goal is reached practically every family in Canada will have to pull its full weight at the oars. It was not an idle phrase of the finance minister that this was the greatest financial challenge that the country was ever called upon to face. The loan \$1,100,000,000 for Canada is about parallel according to population with the \$13,000,000,000 bond issue that has gone over the top successfully in the United States. Canada is not

likely to lag behind. The campaign has been ably organized under the direction of Mr. Spinney and his associates. Tribute is also due at this time to the one responsible for the successful handling of the financial affairs of the nation in wartime, the minister of finance, J. L. Halsey, a man who lives simply and works indefatigably, who is always anxious to give more credit to his advisers and assistants than he takes to himself, who is impatient only of wishful thinking and complacency but who, while never blinding his eyes to the dangers that confront the nation, remains a determined optimist.

NEW MANPOWER REGULATIONS

Farm labor is the dominant issue of the hour. The most important step taken recently by Ottawa to help the situation has been through the orders

in council which provide for the compulsory transfer from non-essential to essential industry of men of military age who cannot serve in the armed forces. As Mr. Mitchell, minister of labor explained the situation — "The time has arrived when all men of military age still employed in non-essential lines of work, must be transferred to employment where their services will tell directly in the war effort." If genuine "bites" is put in the administration of this regulation, and if this is done immediately, the farm labor shortage will be relieved quite a bit.

—FARM LABOR SUPPLY—

One of the most satisfactory agricultural measures that have been undertaken has been the creation, through close co-operation between federal and provincial authorities, of a myriad of community committees throughout the country. These committees explain production plans to the farmers in their district, find out about labor supplies and labor needs, and encourage co-operation in the use of labor saving devices and in keeping machinery in full use and in constant repair. They also seek to keep labor more mobile, getting men moved about to farms where they are needed. Where labor is moved about within a province the federal and provincial authorities divide the transportation cost, and where it moves across a provincial boundary the costs are borne by the federal government. It is now estimated that the great bulk of the 175,000 farm workers who took temporary winter jobs in lumbering, mining and fishing have returned to the farms. Now that seedling has begun it will be seen how many experienced farm workers, now in the armed forces in Canada will take advantage of the six weeks furlough which they can secure if their services are urgently required on the farms. A good deal is expected this year from the auxiliary land army to be recruited from towns and cities. Last summer 50,000 of these voluntary workers on the farms of Ontario, and others joined in fruit packing in Nova Scotia and B. C. This year the service is being extended to all the provinces. In the force

are high school and university students and teachers and townspeople who can take up the work. A larger number of women are expected to be employed in driving farm machinery. The ranks of farm workers will be increased by some men who have been discharged from the armed forces, in all there are 100,000 of these since the beginning of the war, and large men called for military training who have been declared unfit for the armed services but still capable of assisting on the farms. Smaller sources of labor will be Indians from Western reserves and conscientious objectors, while some Japanese from the 'closed' areas of B. C. are expected to help in the cultivation of sugar beets in Alberta and Ontario.

The more generous treatment which will be accorded war veterans after discharge and before reestablishment in civilian pursuits has met with general approval.

Never allow soup to boil. Let it simmer slowly. Much of the liquid is wasted in evaporation and the best of the flavor is lost if the soup boils or is heated too quickly.

If frying bacon, do not have more than two tablespoons of fat in the pan. If more fat accumulates, pour it off.

Geraniums should have their dead leaves removed and the plants watered sparingly until new shoots appear. When the young new shoots come out, shake off the old soil and repot plants in fresh loam.

If you have pie crust left over, roll it thin, cut into squares, sprinkle with sugar and cinnamon and bake until crisp. These are good just as they are or serve them with lemon sauce for dessert.

When the foliage of house plants becomes spotted, you are perhaps over-

watering the plant, or it is being burned by too direct sunlight.

To clean zinc, wet a cloth with kerosene and wipe it off. This removes all the grease and spots.

To keep a hem even, after you have sewn an inch or two, insert a piece of cardboard the width of the hem about six inches long and slip it along as you sew.

To clean fireplace bricks, cover them with a paste made of powdered pumice and household ammonia. Let dry for an hour, then scrub with warm soapy water.

If a pot in which a fern is planted is too large, it will develop too many roots, preventing the growth of new fronds.

If you have a little piece knocked off of your walnut furniture, touch it up with iodine on a piece of cotton, then go over it with furniture polish and the chipped place will hardly show.

NAMAKA

By M. W.

Mrs. Duker returned home from Calgary last Friday evening.

Sunday last was a home day in Namaka. Mr. and Mrs. R. Pollard and Tom Cascedden of High River and Miss Isabelle Thomson of Calgary spent the day at the H. E. Thomson home. Miss Margaret Thomson returned to High River with them.

Mr. and Mrs. J. Mackie and Mr. and Mrs. Allen Phillips and children of Arrowood spent the day at Claude Mackie's.

Mr. and Mrs. Donald Watts, Ramona and Judith of Duchess, and Mr. and Mrs. Chester Edwards, Jean and Kathleen, Mrs. Hovelsroude and Mr. Winch of Majorville and Miss Ivy Watts spent the day with the Watt's family.

Mrs. Huber of Castor returned to her home last Friday.

Joe Foss has completed his training in Medicine Hat and returned to his home in Standard over the week-end. He had to report in Calgary Monday morning.

Mrs. Moss attended the funeral of Mr. Norton at Carseland Sunday.

Rev. S. R. Hunt will hold a Mother's Day Service in the School at 11.30 a.m. Sunday, May 9th.

"We're a great people," said a country philosopher, "but we don't always work at it."

The business of the future will make men its chief business.

For years Mart Kenny and his western Gentlemen and Judy Richards (above) have been making trans-Canada tours and receiving the nation's handsomest bouquets, but today their journeys are a special matter for Canada's young men of the armed forces, since Mart and the lads are visiting training centres and playing their sweetest arrangements for the troops. Mart and the boys and Judy are expected in the West shortly.

**Canadian Garden
Service****Short Cuts—**

Most of us want results in a hurry, and this applies just as much to our gardens as to promotion in our regular work.

Generous use of commercial fertilizer is a short cut, but the beginner is warned that this may be overdone. It is dangerous to allow the raw fertilizer to actually touch the plant. A good plan is to dissolve in water, then apply carefully.

Some people rush the season by providing little paper caps for newly set-out plants to protect from frost, cold or drying winds. After danger is past these are lifted or removed.

Paper collars around the stems of tomatoes and cabbage just above and below the surface of the soil will protect against cut worms, but a poison mixture secured from any seed store is better. Special dusts can also be purchased for protecting cabbage, celery cucumbers and melons.

At Agincourt the arms of England won a victory that lives inscribed for evermore on the national scroll of honour. Today Shakespeare's words re-echo in our ears as we Canadians prepare to offer our wealth, our goods, our blood, in a cause more honourable than Henry's; more honourable than any that history has yet recorded. IT IS AN heartening thought given in prediction by General Henri Giraud on Sunday, that Tunisia would be free of the enemy by the end of May.

The General is on the ground, knows conditions, and should know whereof he speaks.

The Allies have accomplished a gigantic task in a comparatively short time.

General Montgomery is unstinting in his praise of the heroism, initiative and unflinching perseverance of his men.

That is all to the good for Victory. What of our part in the Victory?

After Tunisia, then Europe and the men need the munitions our Bonds will buy.

This week and next in Strathmore and surrounding districts is Victory Loan Week.

Are we proving worthy of the efforts the armed forces are making? They risk all. Balance your effort with theirs and buy to your limit.

HYMN AND FLAG

(Saturday Night, Toronto)

SPeaking in the Commons Chamber at Ottawa a few weeks ago, Mr. Anthony Eden used for one of his most moving passages a description of the arrival in a British port of the first body of Canadian troops to reach England in the present war. He was

not only a witness but a prominent participant, and the account lost nothing in the artistry of his telling. Its climax was his reference to the playing by the attendant bands of the hymn "O Canada," and it occurred to us to reflect how completely that element of the scenario of the great drama would have failed of effect if there had been no Canadian anthem for the bands to play. For the playing of "God Save the King," an immensely profound and beautiful piece of ritual in the proper circumstances, would have had absolutely no references to the special qualities of that situation, the special significance of that drama. What made that situation dramatic was simply the fact that here were troops not raised by the fiat of the Government of Great Britain but but raised by the fiat of another nation three thousand miles away from the European conflict and yet ready to spend vast amounts of its treasure and much of the best blood of its young men in the same cause in which Great Britain already stood embattled.

Other self-governing Dominions are equally fighting by the side of Britain, but if we are not mistaken none of them can symbolize their unity and their distinct personality by a song corresponding to that of Canada. Australia and South Africa are younger Dominions than we are, and their troops land in Britain without being able to announce what they are by the notes of their bands.

Help us to pray till the answer we get.
Lord, give us souls!
With faith that says "Yes," though the devil says "No."
Lord, give us souls!

HOW ARE THINGS
AT HOME?

THE preservation of the home is the essential foundation of our democratic way of life. All great social advances from Habeas Corpus to slum clearance have been made in defence of the home, which remains the first line of defence both for faith and the social order. Yet today migration, a materialistic view of life, separation and death, and deprivation of parental care are delivering mass attacks upon the home such as no other institution has been called upon to bear.

Hence the timeliness of Queen Elizabeth's appeal on April 11th, in her broadcast for the spiritual revitalization of our homes. "It is on the strength of our spiritual life," she declared, "that the right rebuilding of our national life depends. Our homes must be the place where it should start. It is the creative and dynamic power of Christianity which can help us to carry the moral responsibilities which history is placing on our shoulders."

To build the kind of home our country needs is a full time job for every one of us.

WE MET on Main Street. Jim had his usual ready smile, even when he got telling me how hard up he was.

"Seems funny," he said, "I'm earning more these days, but I just can't seem to keep it.

He paused, then went on slowly.

An interesting meeting was held at the home of Mrs. T. Taylor on April 29. Roll call was an exchange of plant slips. The treasurer's report showed that \$37.17 was cleared on the whist drives held during the winter. A letter was read from the Dept. of Agriculture regarding demonstration given on various subjects of interest to homemakers. Three papers were given at this meeting. Mrs. Warrack read a paper on Agriculture and Canadian Industries, which brought out the vast richness of Canada's resources. Miss Elaine Sarsons gave a paper on Handicraft, dealing with Mountain Handicraft, started by Frances Goodrich in the North Carolina Mountains. Mrs. F. Hilton gave a paper on Child Welfare and Public Health and touched on many points of

public interest. Mrs. Thurston of Nightingale gave an interesting report on the Conference held in Calgary during the middle of March. She afterwards gave a paper dealing with the origin of certain words commonly used which was enjoyed by everyone. The ladies discussed the coming Convention and began making plans in connection with it. At the close of the meeting a tasty lunch was served by the hostess to 13 members and two visitors.

Next meeting will be at the home of Mrs. Plath on May 13, and roll call will be Mother's Day verses.

A man and lady had been standing on a streetcar for sometime and she had been on his toe all the while. He finally got up enough courage to tell her.

She said: "Oh, pardon me, I thought it belonged to the man sitting down."

DR. SEAGER WHEELER
Rosthern, Sask.—"The World's
Champion Wheat Grower"

World's Champion Wheat Grower

Born in England, the "Wheat Wizard of Saskatchewan" spent his early years as a clerk in the Old Country. In 1888 he emigrated to Canada, and homesteaded north of Saskatoon where he learned the elements of farming. In 1900 he was attracted to the Rosthern district where he purchased, for less than one thousand dollars, the 160 acre farm on which the celebrated experiments which made his name a household word in Western Canada were carried out.

One of his initial achievements was producing 40 bushels of wheat to the acre on three inches of rainfall.

In 1911 he scored one of his greatest successes when, with a bushel of Marquis wheat, he won the "world's championship" at the New York land show, and was awarded the prize of \$1,000 offered by Sir Thomas Shaughnessy. In 1914 and 1915 he won similar honors, and earned for himself the appellation—"The World's Champion Wheat Grower".

For his services to Canadian agriculture, Seager Wheeler was honored in 1918 by a doctor of laws degree conferred by Queen's University.

Recommends VICTORY BONDS

Dr. Wheeler says:

"If Canadians were asked to give money to help to win the war we would not be asked to make a big sacrifice. Some are giving their lives. We are asked to lend money. I am sure that farmers throughout Canada will be glad to lend money to their country, for like all other Canadians, they know we must do all we can to help.

"There is a practical reason for buying Victory Bonds, too. The money we lend to Canada now, to help to win the war, will be ours to use as we please after the war has been won. Ready cash will be handy to have when we will want to replace farm equipment that is wearing out now. A farmer can always find a use for savings, and there is no better way to save than by investing all we can in Victory Bonds."

WHAT A VICTORY BOND IS:

A Victory Bond is the promise of the Dominion of Canada to repay in cash the full face value of the Bond at the time stipulated, with half-yearly interest at the rate of 3% per annum until maturity. A Victory Bond is the safest investment in Canada. The entire resources of the Dominion stand behind it. Canada has been issuing bonds for 75 years, and has never failed to pay every dollar of principal and interest. A Victory Bond is an asset more readily converted into cash than any other security.

STANDARD

It is a pleasure to welcome to the Standard Community, the family of Mr. J. E. Macadam, genial manager of the Royal Bank. Mrs. Macadam, Miss Betty Macadam, and Mrs. Macadam's mother, Mrs. Alice Sheal arrived last week from Calgary and are occupying the L. H. Lauridsen house. We hope that their sojourn in Standard will be a very happy one.

Miss Marguerite Powne spent the Easter vacation at her home in Big Valley, returning to Standard last Saturday.

Mr. Bill Zelznik, who underwent an operation on his nose in Calgary is home again, quite recovered.

The main streets of Standard were ditched and graded last week. Much work was done on the station hill in an effort to provide better drainage for the streets at the top of the hill.

Mr. and Mrs. C. P. Dahl and Mrs. Harry Malcolm were visitors to Calgary last week.

Mr. F. D. Knowlton was in Medicine Hat over the weekend to attend a Telegrapher's meeting, at which he was chairman.

Miss Edith Madsen, who has been taking a business course at Mount Royal College during the winter months, has completed her course and is home again. It is a pleasure to be greeted once more by Edith's cheery smile at J. P. Hansen and Co's store.

Miss Gwen Southall was a weekend visitor in Calgary.

Miss Clair Melvor spent the Easter school holiday at her home in Calgary.

The Standard Victory Loan Committee were gratified to be the third district in Alberta to go over the top and secure their pennant in the present campaign. This is the first time that this community has had a quota of its own, and the committee and canvassers worked hard to achieve their goal. The unit is not large, as it only comprises five townships.

There has been much favorable comment about the Victory Loan window in the J. P. Hansen and Co. store.

Two Union Jacks form an appropriate background for an attractive display of snaps and photos of our local boys and girls who are now in various branches of His Majesty's Forces.

The slogan, "Back the Attack" prominently displayed with other Victory Loan advertising seems to take on a more poignant, a more personal meaning when one stops to realize that it is for our own lads and lasses that we are asked to loan our dollars. They must have the tools to finish the job. It is up to those of us enjoying the comforts and privileges of home to give until our sacrifice equals theirs. Let's give our quota an added boost, two Victory Loan pennants will look better than one.

Two of the R. A. F. boys from No. 37 S. F. T. S. were week-end visitors at the Southall home.

Miss Gweyneth Knowlton returned home at the week-end after spending the Easter vacation with her grandparents in Calgary.

Diner— Here waiter. There's a button in my soup.
Waiter— Don't worry over that. That's a printer's error. It's supposed to be mutton.

Meat Rationing—

On March 31st, Mr. Isley announced to the House of Commons, the introduction of a meat rationing plan. Wide publicity has been given to this announcement. It is expected to come into effect early in May. In his speech, Mr. Isley announced the ration as "approximately two pounds" per week. The minister referred to farmers in the following manner: "It is not proposed to put burdensome restrictions on the slaughter of live stock by farmers for their own use and consumption. We shall appeal most earnestly, however, to all farmers who slaughter their own meat to live well within the spirit of the ration. In order to control the supply of meat entering into the channels of trade, there will be restrictions on the right of farmers and of other persons to slaughter for sale."

The minister spoke as follows in regard to cold storage lockers. "Steps will be taken to see that those who hold space in private cold-storage lockers are not allowed to use such space to evade rationing or to secure any special advantage in obtaining meat supplies." It is expected to use the spare A coupons and that each coupon will be worth one pound, two coupons being used each week.

She was born in Scotland 84 years ago and came with her husband and large family to Calgary about 1912. She has many grandsons in the service of her country now. Mrs. Sangster was always a great knitter but in the last few years has knitted bed spreads more than other types. She has completed 14 and her last one, which was donated to the Red Cross was drawn for at the Easter Monday dance; it cleared over \$50 for the society, and the lucky ticket was held by Win.
